Report of Principal and School Improvement Council

Jackson School experienced an extraordinary first year implementation of the "Leader in Me" model based on Stephen Covey's 7 Habits of Highly Effective People. We infuse the 7 habits into our curriculum, traditions, systems and the culture of Jackson School. Our faculty, staff, parents, and students worked together to revise our school mission and vision statement. Our mission statement is simply stated as We Lead (Lead, Encourage, Achieve and Dream). We have a unified vision of growing a community of leaders by engaging one person at a time.

At Jackson School we have students who are responsible, show initiative, solve problems, work as a team, and know how to set goals and meet them. On May 22, we hosted our first Leadership Day where people from our community and around the state visited us and observed our students lead at Jackson School. During the school year our students participated in various leadership activities through student job titles, student-led committees, interests groups, and other in-house programs. Each student also keeps a data notebook where they track their progress by charting and graphing data from formative and summative assessments, behavior data, and leadership opportunities. Our students use their data notebooks to facilitate data chats with their teachers, peers, administrators, and parents.

Jackson School also continues to lead the way with our green school initiatives. We received a Farm to School Grant this year and planted seven raised bed gardens. Our student leaders assist with planting, watering, weeding and harvesting. We have a school wide project where the students participate by putting compostable material from the cafeteria into our composting bin. The compost is used to fertilize our gardens. We will continue with our health initiative and encouraging our students to live healthy lives.

Jackson School also participated in the High Progress Literacy Classroom Initiative this year. A State Department of Education consultant worked with our teachers throughout the year by providing numerous professional development opportunities that focused on reading, writing, and researching engagement. Our school was awarded \$10,000 through this project, and we were able to begin building our classroom libraries so our students can be even more engaged during independent reading. All of our students are given the Fountas and Pinnell reading assessment at least three times a year, and our guided reading instruction is differentiated to meet individual student needs. We use data to drive our instruction and all teachers work together as a data team in order to continue enhancing instructional practices. We concluded the year with the State Department Summer Reading Loss Project. Each student was given nine books to take home and read over the summer. Students were also given a reading log to complete and return next year.

As we anticipate the 2013-2014 school year, our focus will remain on professional learning and application of knowledge. We will continue engaging our teachers and students through inquiry, a continuation of data analysis and collaboration. At Jackson School we are "Green and Growing Leaders!"

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	77.1
Overall Grade Conversion	C

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Jackson School school has been designated as a:

- ☐ Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- ☐ Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- ☐ Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- ☐ Title I Priority School – one of the 5% lowest performing Title I schools.
- ☒ Title I School – does not qualify as Reward, Focus or Priority School.
- ☐ Non-Title I School – therefore the designations above are not applicable.
